5th Veterinary Congress - Llamas and Alpacas in Austria &

25th Annual Conference of the British Veterinary Camelid Society

8-9 DEC 2023 in Vienna, AUSTRIA

vetmeduni
University of Veterinary Medicine, Vienna

Oral Presentations

FRIDAY 8.12. + SATURDAY 9.12.23

Friday 08.12.2023

Registration 8:00 - 18:00

	Time		
	8:00	Registration	
	9:00	Opening	
Session	Time	Authors	Presentation
Infectious diseases / parasites	09:15 - 10:00	A. Stölzl	Keynote: Endoparasites in New World camelids in Austria – Haemonchus contortus and small liver fluke
Chair: T. Wittek	10:00 - 10:15	E-M. Bartl, L. Ulrich, H. Wagner	Prevalence of selected infectious agents in South American camelid herds in Germany
	10:15 - 10:30	K. Voigt, V. Balasopoulou, M. Suchowski, S. Herzog	A case series of Borna virus encephalitis in alpacas in Bavaria – clinical presentation and diagnostic approach
Coffee break	10:30 - 11:00	Poster exhibition	
Reproduction / breeding	11:00 - 11:45	M. Gauly	Keynote: Artificial insemination and embryo transfer in South American camelids
Chair: H. Wagner	11:45 - 12:00	K. Tan, O.O. Adeniyi, A. Letko, G. Rudd Garces, E. Manz, H. Wagner, P. Zanolari, C. Drögemüller, G. Lühken	Genomic differences between Huacaya and Suri alpacas
	12:00 - 12:15	E. Quispe, Y. Murillo, A. Cruz, M. Quispe	Genetic parameters for different types of fiber medullation of alpacas
	12:15 - 12:30	A. Leisen, H. Wagner, K. Büttner, A. Wehrend, G. Schuler	Non-invasive monitoring of ovarian function in llama and alpaca by measurement of sex steroids in milk and exfoliative vaginal cytology
Lunch break	12:30 - 13:30	Poster exhibition	
Reproduction / breeding	13:30 - 13:45	K. Voigt, V. Balasopoulou	Causes and outcomes of obstetrical interventions in 21 alpacas presented to a Southern German veterinary hospital

Chair: C. Cebra	13:45 - 14:00	A. Riepl, J. Baumeister, T. Wittek	Estron sulfate in feaces as parameter for pregnancy detection
Crias / young stock	14:00 - 14:45	C. Whitehead	Keynote: Cria care
Chair: M. Gauly	14:45 - 15:00	M. Gaier, K. Rychli, V. Reichmann, T. Alber, <u>T. Wittek</u>	Colostrum constituent in alpacas
	15:00 - 15:15	H. Hümmelchen, A. Wehrend, H. Wagner	Management of sick newborn cria
	15:15 - 15:30	F. Sajovitz, M. Leschnik, S. Franz, T. Wittek	Neurological deficits in an alpaca cria after microchip insertion
Coffee break	15:30 - 16:00	Poster exhibition	
Herd health / herd management	16:00 - 16:45	H. Wagner	Keynote: Veterinary herd health management in South American camelid farms
Chair: C. Whitehead	16:45 - 17:00	L. Ulrich, E-M. Bartl, H. Wagner	Results on the husbandry situation and use of SACs in Germany
	17:00 - 17:45	C. Cebra	Keynote: Guideline for medical success in camelid herds
	17:45 - 18:00	M.G. Wagener, J. Schregel, <u>N. Ossowski</u> , A. Trojakowska, M. Ganter, F. Kiene	The influence of different examiners on the Body Condition Score in South American camelids
Heuriger	20:00	Please book your tickets for one of the best traditional Vienna Heurigen (vine producers serve their own vine and offer typical local food)	

Saturday 9.12.2023

Registration 8:00 - 18:00

	Time		
	8:00	Registration	
Session	Time	Authors	Presentation
Metabolism / feeding / nutrition Chair: P. Zanolari	09:00 - 09:45	R. Van Saun	Keynote: Camelid nutrition – Understanding the beast
	09:45 - 10:00	R. Van Saun	The camelid vitamin D story: from deficiency to toxicity
Internal medicine / skin diseases Chair: P. Zanolari	10:00 - 10:45	K. Mueller	Keynote: Care of the geriatric camelid
Coffee break	10:45 - 11:15	Poster exhibition	
Internal medicine and skin diseases Chair: R. Van Saun	11:15 - 11:30	S. Franz, K. Riedelberger, T. Wittek	Dyspnoe in alpacas
	11:30 - 12:15	G. Duncanson	Keynote: A practitioner's approach to skin disease in alpacas
	12:15 - 12:30	M. Bolcato, M. Roccaro, A. Gentile, A. Peli	Can limiting stress be a part of mange treatment in alpacas? A case study
Lunch break	12:30 - 13:30	Poster exhibition	
Surgery / orthopaedics Chair: K. Mueller	13:30 - 14:15	P. Zanolari	Keynote: Surgical disorders in alpacas and llamas
	14:15 - 14:30	N. Mutschler, J. Maierl	Topographical anatomy of the brachial plexus of alpacas (Vicugna pacos) – Preliminary results
	14:30 - 14:45	J. Kofler, J. Laschinger, K. Schieder, B. Altenbrunner-Martinek, B. Vidoni	Scapulohumeral joint (sub-)luxation in five alpacas
	14:45 - 15:00	D. Riebow, J. Maierl	Functional anatomy of the stifle joint of the alpaca (Vicugna pacos)
Coffee break	15:00 - 15:30	Poster exhibition	

Miscellaneous / case reports Chair: S. Franz	15:30 - 16:15	C. Eibl	Keynote: Abdominal ultrasonography in llamas and alpacas
	16:15 - 16:30	A. Kramer	Not all camelid must die – practical solution for exotic problems
	16:30 - 16:45	A. Ferro, A. Andolfatto, W. Magnone, G. Michelazzo, F. Zanusso, G.M. De Bendedictis	A blinded randomized clinical trial to compare the efficacy and safety of two chemical restraint combinations for clinical field procedures in captive llamas (Llama glama)
	16:45 - 17:00	C. Cebra	Treatment for canine cancer based on camelid single domain antibody fragments
	17:00 - 17:15	M. Quispe, B. McGregor, <u>E. Quispe</u>	Relationship between medullation incidence with the diameter of alpaca fibers evaluated using FIBER MED
	17:15 - 17:30	S. Weis, J. Maierl	Anatomical study of the eye muscles and cranial nerves of the orbit of the alpaca
	17:30 - 17:45	A. Sawran, B.M. Garcia, M. Tyson, S. Jeckel	Case Report – Inflammatory bowel disease in a male huacaya alpaca
	17:45 - 18:00	F. Pooley, <u>A. Sawran</u>	Updates from the Nunoa project
	18:00	Closing	

Keynotes: 35 minutes + 5 minutes discussion

Short presentations: 10 minutes + 3 minutes discussion
