

South America Camelid Congress Vienna 2023

5th Veterinary Congress - Llamas and Alpacas in Austria &

25th Annual Conference of the British Veterinary Camelid Society

8-9 DEC 2023 in Vienna, AUSTRIA

vetmeduni
University of Veterinary Medicine, Vienna

Poster exhibition

FRIDAY 8.12. + SATURDAY 9.12.23

Infectious diseases/parasites

ID01: L. Danner, S. Herzog, C. T. Wittek. Study on prevalence of Borna Disease Virus antibodies in Austrian SAC

ID02: R. Große, L. Mundhenk, D. Rubbenstroth, K-E. Müller. Spectrum of clinical signs of a Borna disease outbreak in an alpaca herd in North-Western Brandenburg

ID03: L. Kultscher, B. Hinney, R. Schmäsche, A. Joachim, T. Wittek. Study on efficacy of anthelmintic drugs in South American camelids

ID04: I. Simkova, J. Gricova, E. Indrova. Different clinical presentation of *Eimeria macusaniensis* infection in alpaca herd

ID05: S. Wagenfeld, A.L. Golob, E. Müller. Comparison of red blood count variables between South American Camelids that were tested positive for *Candidatus Mycoplasma haemolamae* against those tested negative.

Reproduction/breeding

RB01: V. Balasopoulou, S. Schabmeyer, M.M. Meyerholz, M. Beer, W. Petzl, H. Zerbe, K. Voigt. Case report: *Schistosoma reflexum* and rectovaginal tear in a 5-year old alpaca

RB02: M.L. Bertuzzi, S. Apichela, S. Sari, R. Zampini, A. Difonzo, M.I. Carretero. Modifications of the plasma membrane from llama (*Lama glama*) sperm incubated with collagenase

RB03: V. Balasopoulou, E. Roden, M.M. Meyerholz, W. Petzl, H. Zerbe, K. Voigt. Case report: Hydrallantois in a 5-year old alpaca

RB04: K. Steiner, S. Franz, F. Schwarzenberger, A. Dadak, M. Drillich. Progesterone metabolite concentration in the faeces of pregnant alpaca mares

Crias/young stock

CY01: J. Clinquart, C. Coene, B. Pardon. Assessment of clinical findings, immaturity, congenital disorders, and disease development in Belgian crias in the first 2 weeks of life

Herd health/herd management

HH01: E-M. Bartl, L. Ulrich, H. Wagner. Establishment of a professional training program about husbandry, health management and animal welfare of South American camelids for holders, veterinary practitioners, and state veterinarians in Germany

HH02: V. Lang, A. Adorján. Survey and data collection of Hungarian alpaca keeping

HH03: M. Budzyńska, J. Kapustka. Behavioural and endocrine indicators in alpaca welfare assessment

Metabolism/feeding/ nutrition

MF01: A. Kramer: Management of a complex case of co-morbidities in a peri-parturient Suri female

Internal medicine/skin diseases

IM01: C. Eibl, M. Kaiser, S. Franz. The use of sonography in the field of internal medicine in South American camelids - a literature review

IM02: A-L. Golob, E. Müller, T. Wittek. Thyroid hormones in alpacas and llamas

IM03: E. Indrova, I. Simkova. A clinical case of chronic dermatitis in llama

IM04: M. G. Wagener, M. Kornblum, F. Kiene, M. Ganter, U. Teichmann. Changes in hematological parameters in alpacas during age progression

IM05: F. Kiene, H. Marahrens, J. Schrege, A. von Altrock, B. Bauer, S. Neubert, T. Nicolaisen, M. Schmicke, M. Ganter, M.G. Wagener. Stress in alpacas - Can fructosamine improve the interpretation of high plasma glucose concentrations?

IM06: A. Stanitznig-Nuyken, T. Wittek, L. Khol, A. Hofer, S. Setudeh. Pilot study to investigate the use of the WellionVet BELUA to measure beta-hydroxybutyrate and glucose in llamas and alpacas

Surgery/orthopaedics

SO01: A. Andolfatto, A. Ferro, W. Magnone, F. Zanusso and Giulia Maria De Benedictis.

Surgical resolution of bilateral cicatricial entropion in an adult male alpaca (*Vicugna pacos*)

SO02: S. Giertzuch, V. Balasopoulou, A. Kupca, K. Voigt, M. Feist. Chronic lameness in a 3-year-old male alpaca due to severe osteoarthritis of the shoulder joint

SO03 A. Kramer. Digit amputation as a management option for chronic lameness in an alpaca

SO04 J. Maierl, A. Götz. Anatomy of the nerves supplying the foot of the shoulder limb in alpacas as basis for local anesthesia (*Vicugna pacos*)

Miscellaneous/case reports

MC01: R. Giebl, J. Maierl, C. Eibl, A. Dadak, S. Weis, S. Franz. Sonographic examination of the tympanic bulla in healthy alpacas

MC02: R. Krametter-Frötscher, J. Schoiswohl, A. Dufek, B. Altenbrunner-Martinek. Retrospective evaluation of New World camelid patients at the University Clinic for Ruminants from 2002, 2010 and 2018

MC03: S. Neubert, C. Puff, S. Kleinschmidt, P. Kammeyer, A. von Altrock, M. Wendt, M.G. Wagener. Findings at necropsy in South American camelids in Germany

MC04: L. Ulrich, E-M. Bartl, H. Wagner. Presentation of the animal welfare project in SAC in Germany

MC05: J. Schregel, I. Zdora, I. Gerhauser, T.M. Punsmann, S. Aboling, M. Ganter, M.G. Wagener. Rhododendron poisoning in three alpacas

MC06: L. Bittner-Schwerda, T. Snedec, S. Loderstedt, Z. Rentería-Solís, F. Hansmann, I. Kiefer, A. Starke. Suspected case of neurocysticercosis and cervical discal prolapse in an alpaca mare

MC07: A. Wöckel, L. Bittner-Schwerda, F. Rachidi, T. Snedec, W. Wippermann, M. Fadul, A. Starke. Case reports of urolithiasis - Surgery and anesthesia in three male alpacas
