PROGRAM OVERVIEW

Nearly three days of Plenary Sessions, parallel Research Report Sessions, Roundtable Discussions and Poster Presentations

It all begins with mounting of posters, Welcome Ceremony and Opening Session Thursday Evening July 26.

Events will include Friday's Poster Reception Evening, Saturday's Symposium Banquet, and Sunday's Awards Ceremony.

The Symposium will close in time for delegates to take charter busses to Vancouver at 3pm Sunday, July 29, and to attend the ICAR welcome reception.

TOPICS: Canid, felid and comparative carnivore reproduction; ovarian cycle regulation and contraception; pregnancy biology and management; parturition and perinatology;

ovarian, oocyte, embryo, testis, and sperm morphology, physiology, culture and cryopreservation; andrology; clinical management, breeding technologies, AI, and cloning;

new technologies; reproductive and mammary disease and management; reproduction of endangered, wild and zoo carnivores; dog and cat models of human reproductive disease.
