# Features of the Youni App

The screenshot displays the Youni App interface. At the top, the status bar shows the time 6:08 and various icons. Below this is a header bar with the word "Home" and a student profile picture. A "Hello!" greeting is followed by a section for "Upcoming events" which currently shows "No events in the next 30 days". A "Shortcuts" section contains icons for VetmedOnline, Webmail, Vetucation, Literature Search, Daily menu, Campus map, and Workload. The "My courses" section features a card for "Diploma programme: Veterinary Medicine" with a question mark icon. Below this card, the "Summer semester 2023" is listed, including "VO Basic Principles of Acupuncture and Neuraltherapy II" and "UE Introduction to scientific information, information retrieval and database searching." The "My studies" section includes "My exams" and "My grades" with right-pointing arrows. At the bottom, a tab bar contains icons for Home, VetBot, Wallet, Workload, and University.

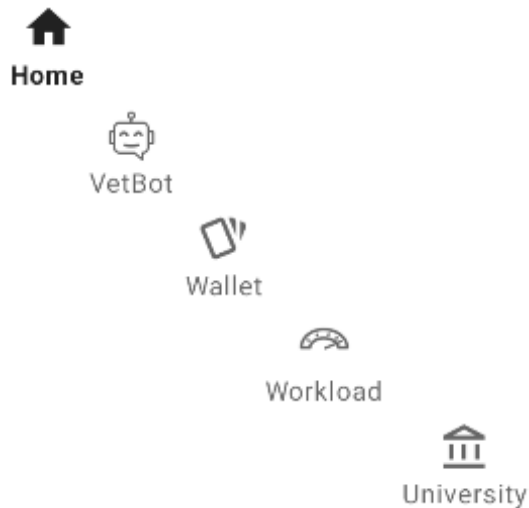

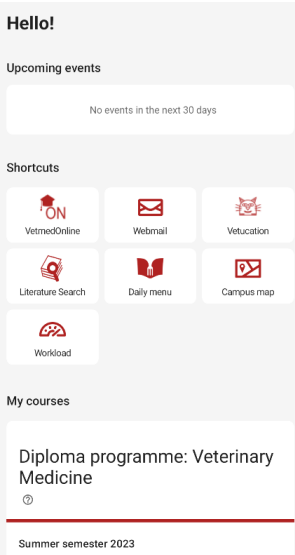

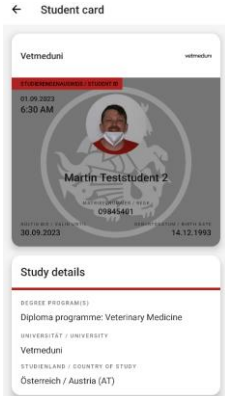

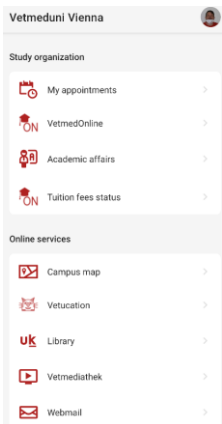

- In the header bar you will see your student ID picture. Tap on it to adjust **the language** of the app, for example.
- The calendar shows your next events.
- The **Shortcuts** pane contains links to important external sources of information.
- Under "My Courses" you will find lectures and exercises that you are attending this semester. Tap on an exercise to get more information about the course.
- Under "My studies" you can register for exams and view grades for courses.
- You can use the tab bar below to access more features of the app.

## Language, Feedback, Legal

	<ul style="list-style-type: none"><li>• The app uses your phone's language, but you can also switch it to English or German.</li><li>• With "Send feedback" you can send us a message.</li><li>• "Privacy Statement", "Terms of service", and "Licenses" contain legal information</li><li>• You can use "Log out" to end your session in the app.</li><li>• Tap the left arrow to return to the home screen.</li></ul>
	<ul style="list-style-type: none"><li>• Tapping on the icons in the "Shortcuts" section will open a separate window with the content of the linked web app. In some cases, you'll need to log in to the web app. You can exit the web app by clicking on the "X" at the top left of the screen and return to Youni.</li></ul>

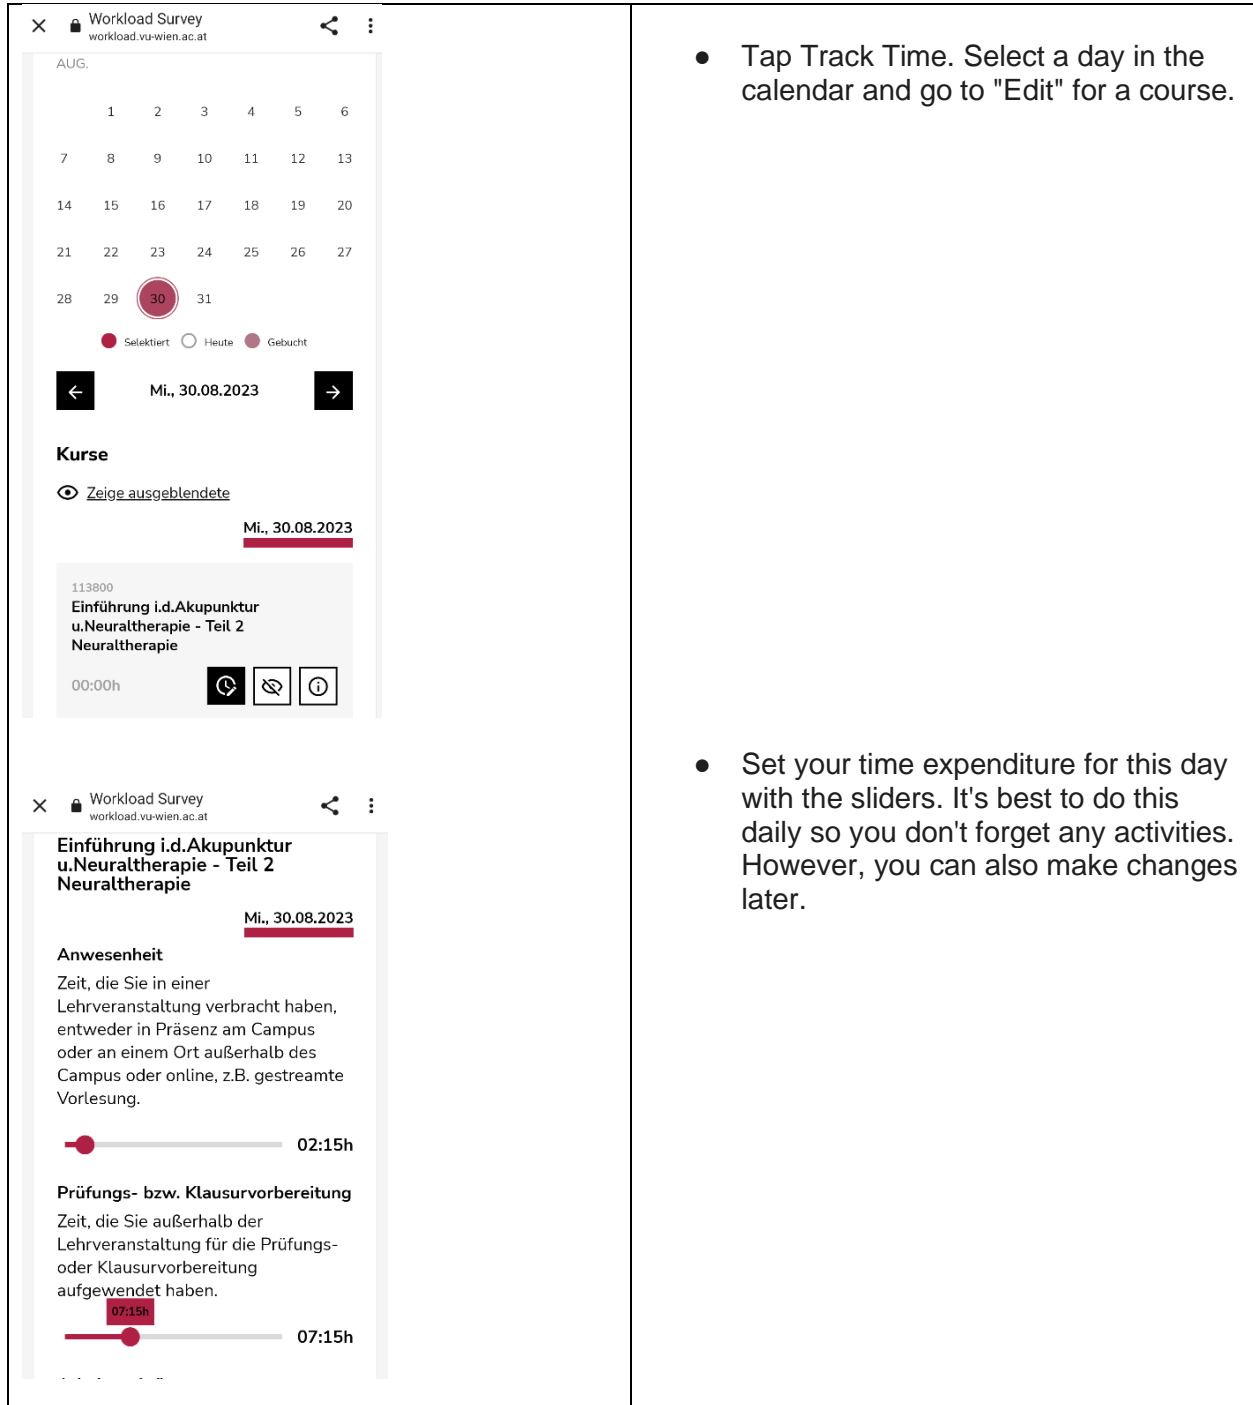

# Tabbar

The tabbar allows direct access to the different areas of the app.

 <p>Home</p> <p>VetBot</p> <p>Wallet</p> <p>Workload</p> <p>University</p>	<ul style="list-style-type: none"><li>• Tap the Home icon to go to the app's landing screen.</li><li>• VetBot is our digital assistant that answers all your questions about studying.</li><li>• In the Wallet you will find your study card and the check-in for exams.</li><li>• Workload connects you to the web app, which allows you to track your workload for courses.</li><li>• And via the University icon you can reach further links that show you support them in their studies.</li></ul>

# Workload Survey

Enter your daily workload per course in the Workload Survey. This gives you an overview of how much time you spend on your studies and helps us to improve your studies and teaching.

- Tap Track Time. Select a day in the calendar and go to "Edit" for a course.
- Set your time expenditure for this day with the sliders. It's best to do this daily so you don't forget any activities. However, you can also make changes later.

# Frequently Asked Questions

## Formal requirements

**Question:** *What formal requirements do I need to meet to use the app?*

**Answer:** You must be enrolled at the University of Veterinary Medicine or meet all the requirements to be able to continue your studies in the next semester.

## Technical Requirements

**Question:** *What are the technical requirements for Youni?*

**Answer:** The app works on phones and tablets with Android or iOS. It may not look as good on tablets. You need an internet connection to use the app. This can be done with Wi-Fi or mobile data.

## Login Error - Shibboleth

*Question: When logging in, I get the following error message:*

**Vetmeduni Vienna -  
Shibboleth  
Authentication - Stale  
Request**

You may be seeing this page because  
you used the Back button while  
browsing a secure web site or

*What can I do?*

### **Answer:**

1. Be persistent, close the error page and try again several times.
2. If the error persists, it helps to clear the app cache.

Here's how to clear the app cache on Android:

- Press and hold the app icon on the Home screen.
- Tap App Info.
- Tap Force Quit.
- Tap Clear Data.
- Tap All Data.

Here's how to clear the app cache on iOS:

- Open the Settings app.
- Tap General.
- Tap iPhone Storage.
- Select the app whose cache you want to clear.
- Tap Clear App Data.
