

Recovery form of a ringed bird

In order to fully process your recovery, we need the following information:

Ringing scheme (Ring address):	
Ring number: (also colour ring/colour ring combination)	
Recovery date:	

Recovery site:

Locality:	
District:	
Province:	
Country/state:	
Coordinates:	

Details on the recovery:

1) How did you read off the ring?	
2) Bird species (if known):	
3) Condition of bird at recovery/sighting:	
3a) If bird was injured/dead: assumed cause? (e.g. hunting, poison, capture, collision, "pollution", predation, disease, weather,...)	
3b) If dead, for how long (estimate)?	
4) Recovery details:	
4a) If captured: bird released? (incl. where and when)	

Additional information:

e.g. sex of bird, age of bird, more details on recovery,...	
---	--

If ring available, please flatten and send!

Please attach the flattened ring here with tape

Data of finder:

Name:	
Address:	
Zip code/City/Country:	
Tel./Fax/E-mail:	

By sending the recovery form all above-mentioned data will be stored by the Austrian Ornithological Centre. Your personal data will not be transmitted to third parties.

After processing you will receive a notice including the full ringing and recovery data of the bird.

Please send the completed form via mail or email to:

Austrian Ornithological Centre
Konrad Lorenz Institute of Ethology
Savoyenstr. 1
A-1160 Vienna
Austria
