

Students needed for studies of canid cooperation

The Domestication Lab is looking for **three full-time students** living in Austria who are interested in studying cooperation in dogs and wolves:

We are looking for two students to work at the **Wolf Science Center** in Ernsbrunn, from May 2020 to end of November 2020, or from September 2020 to end of February 2021, and one student to work at the **Clever Dog Lab** in Vienna from September 2020 to end of February 2021.

These projects can be used for a Bachelor's or Master's thesis but interns are also welcome to apply. The working language is English.

Students wanting to work at the Wolf Science Center must have their own vehicle or be willing to live in Ernstbrunn for the duration of the project. For more information please visit:
