## Education

| | |
|---|---|
| 2021 | Venia docendi – Animal Breeding and Genetics |
| 2001 | Dr. med. vet. – University of Veterinary Medicine, Vienna |
| 1998 | Master's – Veterinary Medicine, Vienna |

## Professional experience

2009 – present **Senior Researcher** | Vetmeduni Vienna
Research in comparative genomics, population genetics, and animal breeding
Head of the Genotyping Facility for Genetically Modified Mice
Teaching (lectures, seminars, practical courses)
Supervision of 3+ PhD and 20+ Master's theses

2001 – 2008 **Postdoctoral Researcher** | Vetmeduni Vienna
JAK/Stat signalling pathway research; generation of genetically modified mice

## Committee memberships

Faculty Member, Vienna Graduate School of Population Genetics
Member, Austrian Torture Breeding Commission (genetics expert)
Member, Ethics and Animal Welfare Commission, Vetmeduni Wien
Member, Curricula Commission, Vetmeduni Wien

## Professional affiliations

ISAG · EAAP · Horse Genome Community · evolVienna ·
Gregor-Mendel-Gesellschaft Wien · Öngene

## Scientific impact
