The University of Veterinary Medicine, Vienna (Vetmeduni) works to safeguard the health of animals in Austria through its teaching and research activities and through the services it offers. These tasks represent our contribution to keeping people and their animal companions healthy and to ensuring the production of healthy food. To meet our objectives, the University is expanding its activities in the digitization of veterinary research and teaching. To this end, we are setting up a new team of experts for digital innovation, which will initiate and drive innovative digital services for veterinary medicine.

For the implementation and management of digitization projects, we are looking for a

Project Manager Digital Innovation (m/w/d)

who will report to the team leader for digital innovation. The project manager is responsible for defining and managing projects for digital veterinary medicine. This includes project management, collaboration with partners and stakeholders, and reporting & communication.

The project manager ensures that the digitization projects achieve the strategy-related goals and enable the digital transformation of the university. Key areas are cloud computing, data driven process automation and remote monitoring and sensing.

The team of digitization experts is embedded in the Digital Innovation and IT Services department, which provides the necessary infrastructure and logistical backbone.

In addition, the team of digitization experts will work closely with leading scientists at the university and with partner institutions that offer a thriving and growing ecosystem of research.

Minimum salary
The minimum salary for university staff is regulated by the collective contract and at the level given above amounts to EUR 2,791.40 gross per month. The minimum salary may be increased when previous employment and other salary components are taken into account.

Applications
Please submit applications quoting the reference number 2022/0809 via e-mail (preferably) to bewerbungen@vetmeduni.ac.at or by post to the Personnel Department of the University of Veterinary Medicine, Veterinärplatz 1, 1210 Vienna. Please do not forget to include the reference number or we shall be unable to relate your application to the correct vacancy announcement.

The Vetmeduni Vienna is attempting to increase the proportion of female staff, particularly in senior positions, and in accordance with § 41 of the 2002 Universities Act it is striving to attain a balanced representation of men and women, especially on its scientific staff. Applications from qualified women are thus particularly welcomed. If women are underrepresented (below 50%), female applicants who are as well qualified as the best qualified male applicants will be given preference, provided that there are no strong reasons for favouring a particular male candidate.

Applicants have no entitlement to reimbursement of any travel or accommodation costs they may incur as a result of the application procedure.

The Vetmeduni Vienna is proud to have been awarded the certificate “hochschuleundfamilie” (career and family). We should thus be especially pleased to receive applications from people with families. Applications from persons with disabilities are similarly welcome.
