

One Day Conference on

„Relevance of phage in the medical environment“

Date 12.9.2019, 10:00h-15:00h

Location Universitätsklinikum St. Pölten, Haus C,
Dunant Platz 1, 3100 St. Pölten, Veranstaltungssaal first floor.

10:00h **Registration: Please register until 5th of September 2019 per mail to friederike.hilbert@vetmeduni.ac.at / registration at location will be limited**

Chairing: *Eva-Maria Gruber* - KL University of Health Sciences, Krems

10:15h **Opening and welcome**
Regina Plail - KL University of Health Sciences, Krems

10:30h **Engineering bacteriophages for use in phage therapy.**
Andrew Millard - University of Leicester - College of Medicine, Biological Sciences and Psychology

11:00h **The clinical significance of *Escherichia coli* and disinfection measures in hospitals.**
Christoph Aspöck and ***Ildiko Pap*** (Institute of Hygiene and Microbiology, University Clinic St. Pölten, St. Pölten, Austria)

11:30h ***Escherichia coli*-infecting bacteriophages in clinical samples.**
Cátia Pacífico - Karl Landsteiner University of Health Sciences, Krems and University of Veterinary Medicine, Vienna, Austria

12:00h – 13:00h **Lunch Break**

13:00h **Learning from bacteriophages - advantages and limitations of phage and phage-encoded protein applications.**
Zuzanna Drulis-Kawa (Department of Pathogen Biology and Immunology University of Wrocław)

13:30h **Phage, long known drivers of bacterial pathogen evolution.**
Friederike Hilbert - University of Veterinary Medicine, Vienna, Austria

14:00h **Panel Discussion**
all speakers, ***Lorenzo Corsini*** - PhagoMed Biopharma GmbH
Chairing: ***Eva-Maria Gruber***

15:00h **Closing**
